Experience

Compensave | UX & UI Designer

Apr 2018 - Jun 2019, Dublin

Compensave is a fintech startup that originated from the Leaders of Tomorrow Program. My responsibilities included heuristic analysis, wireframes, user flows, user research, visual communication, usability testing and Communicate design ideas and prototypes to developers.

Accenture | Leaders of Tomorrow Program

Apr 2018 - Aug 2018, Dublin

The program aided teams to form startups and gave necessary skills and tutorials to help in progressing the startup over the summer. Five teams faced off by pitching their ideas to a live audience. My team of four progressed through the program, developing our idea to win the final pitch. One of the key factors to our success was the team's ability to work together and use our different skills to progress. The team included a UX researcher, marketing strategist, business strategist, and myself a UX designer.

Dublin City Council Beta | Freelance UX Designer

Jan 2021 - Mar 2021, Dublin

My responsibilities included conducting concept and usability testing, gathering user feedback, storyboarding, developing wireframes and prototypes around user needs, and communicating value and benefit of features.

Technological University Dublin | IDEA Tutor

Jun 2019 - Jul 2019, Dublin

My role was to assist with workshop facilitation and the teaching and learning of the design process to secondary school students. With a focus on teaching design software and hardware that is used in the design process.

Lidl | Customer Assistant

Jun 2018 - Jan 2020, Roscommon

Key roles are stocking, Money handling and communicating with staff members and customers.
